

GHIN Information

As previously communicated by the Club, Score Posting is now handled by the GHIN system. We encourage everyone to get the GHIN Mobile App. Click [here](#) for a screen shot document that shows you how to post your scores using the mobile app. You may also use a desktop to post scores by going to GHIN.com and entering your GHIN number, however, the mobile app does provide some additional features. Aside from posting your score on the GHIN mobile app you can also look up handicaps as follows:

Handicap Lookups using the GHIN Mobile App – (Great for large golf groups needing handicap info):

- Have the list of the names of the members you frequently play with.
- From the Menu of the App, Select Partners
- Click the + sign.
- Click the Search button
- Select the State of Georgia
- Enter the last name of the member.
- Click Search
- Click on the name you want when it appears.

To find the handicap for one of your partners on a specific course using the GHIN mobile app:

- From the front screen of the mobile app, click on C.H. Calculator
- Your own handicap will be displayed.
- Click on Partner Handicaps
- Click on Select Course

- Click on Add Partner
- A list of your partners will appear with the handicap for the selected course.

To find the handicap for an occasional partner on a specific course using the GHIN mobile app:

- From the front screen of the mobile app, click on C.H. Calculator
- Your own handicap will be displayed.
- Click on Partner Handicaps
- Click on Select Course
- Click on Add Partner
- Click on Search and enter the members State & Last name
