

Team Best Ball - This is a team event that can be played by 3- or 4-person teams. Each player on the team plays her own golf ball throughout the round. There will be "dots" on the score card to show players where and how many handicap stroke(s) she will deduct from her gross score to determine her net score for each hole. On each hole, the lower net score - or "best ball" - of the group serves as the team score. For example: if Player A scores a net 5, Player B scores a net 4, and Player C scores a net 6 on a hole, then the team score for that hole is 4, because the low net score of the group was Player B's 4. It is not necessary for all players to complete the play of each hole, so long as one team member has a score to count for the hole.
