

**Two Net Better Balls** - This is a team event that can be played by 3- or 4-person teams. Each player on the team plays her own golf ball throughout the round. There will be “dots” on the score card to show players where and how many handicap stroke(s) she will deduct from her gross score to determine her net score for each hole. On each hole, the two lowest net - scores - or “best balls” - of the group serve as the team score. For example: if Player A scores a net 5, Player B scores a net 4, and Player C scores a net 6 on a hole, then the team score for that hole is 9, because the low net scores of the group were from Players A and B. It is not necessary for all players to complete the play of each hole, so long as two team members have a score to count for the hole.
